ARTIST PROFILE

ONE ARTIST. TWO WORLDS.

FARZIN is a professional pianist and DJ who shapes the complete musical arc of an event - from an intimate live-piano atmosphere to a full dancefloor.

Born in Tehran and raised in Germany, he began classical piano lessons in 1985. Jazz, improvisation and his gift of perfect pitch shaped an artist who can interpret an exceptional range of music by ear and adapt naturally in the moment.

More than 2,500 live performances - from long-standing hotel residencies in Nuremberg to international events and a 15,000-person DJ appearance in Brazil - have given him an instinctive ability to read a room.
